**A**rt After School

In April 2008 4th- and 5th-grade students at Applegate School were invited to attend an art workshop after school. The spots filled quickly and nine students participated in Art After School. They learned to sketch, draw and paint a mountain landscape with acrylics on canvas. Each student created a wonderful painting.

The Art After School class was taught by Linda Kappen of Applegate School. Local artist Lois Robinson volunteered her time also. She brought excellent knowledge of painting with acrylic as a medium to the group.

Thank you to Applegate Branch Library for displaying the students' fine work during the months of June and July.
