

# More fan letters!

## Thank you for your ongoing support!

Every issue of the *Applegater* is chock full of fascinating stories about life in our valley, our natural surroundings and our neighbors!

As a long time supporter and advertiser in the *Applegater* I feel we are a privileged community to have such a wonderful source of local information. The access to discussion it affords our community is a great help in maintaining our healthy and friendly community. As a member of the board of GACDC (Greater Applegate Community Development Corporation) I appreciate the venue you offer to advertise our fund- and awareness-raising events and to inform the community of what is happening at Cantrall-Buckley Park. Thanks to all the volunteers who make the *Applegater* possible.

As a new resident in this rural area, the *Applegater* provides connections and access to news, services and the community at large, which otherwise might have taken me years to discover.
