

Look who's reading the Gater

Take us with you on your next trip. Then send your favorite "Reading the Gater" photo to gater@applegater.org or mail to *Applegater*, P.O. Box 14, Jacksonville, OR 97530.

Photos, from left to right:

—After reading in the *Applegater* that the Queen was home, **Mikell Nielsen** visited Windsor Castle, the oldest and largest inhabited castle in the world. (Mikell claims that she saw Queen Elizabeth peeking out a castle window.)

—**John Taylor** searches the *Gater* for an escape tunnel after finding himself on Norfolk Island, one of Australia's external territories used as a convict penal settlement.

—**Sharon Sarrouh** wonders why her daughter **Gabriella** is having trouble reading the menu while out to dinner in San Francisco.

—By the light of Big Ben in London, **Kathy Kliewer** chuckles at the dry British humour in the *Applegater*.
